**Front-end developer | Java Developer | Full-Stack Engineer | Spring Boot & REST APIs**

Passionate Java developer with hands-on experience building real-world, full-stack applications using Java, Spring Boot, RESTful APIs, and frontend tech (HTML, CSS, JavaScript, Bootstrap). Skilled in delivering end-to-end solutions, from backend architecture and integration to responsive UI. Eager to join global teams where innovation, growth mindset, and collaboration drive success.

### ◆ EDUCATION & CERTIFICATIONS

Completion Certificate, Programming Foundations (JavaScript, HTML, CSS) – Coursera, May 2025

Bachelor of Engineering (Computer Science) – Rashtrasant Tukadoji Maharaj Nagpur University (*assumed*)

### ◆ TECHNICAL SKILLS

- Backend: Java, Spring Boot, REST API
- Frontend: HTML5, CSS3, JavaScript, Bootstrap
- Database & Tools: MySQL / PostgreSQL, Git, Agile

### ◆ PROJECT EXPERIENCE

Programming Foundations Projects (Coursera)

- Built interactive apps using JavaScript, HTML, CSS
- Used Bootstrap to improve UI responsiveness

Full-Stack & REST API Development

- Designed REST APIs in Spring Boot with full database integration
- Developed modular, scalable backend logic

#### Open-Source & Real-World Projects

- Delivered real-world apps with clean full-stack architecture
- Applied Git for version control and documentation

### ◆ EXPERIENCE

#### Java Developer (Freelance / Self-driven Projects)

*January 2024 – Present*

- Backend: Spring Boot services for user auth, data management, and REST endpoints.
- Database: Implemented MySQL / PostgreSQL schema and optimized queries.
- Frontend: Crafted responsive UIs using HTML5, CSS3, JavaScript, Bootstrap.
- Deployment: Packaged apps for deployment; managed CI environments using Git workflows.

### ◆ SKILLS & METHODOLOGIES

- Languages & Frameworks: Java, Spring Boot, REST, JavaScript, HTML, CSS, Bootstrap
- Database Management: SQL query design & schema modeling
- Web Practices: Responsive design, modular CSS, dynamic client-side logic
- Workflow: Agile methodologies, version control with Git, collaboration & documentation

## ◆ STRENGTHS & PROFILE HIGHLIGHTS

- **Full-Stack Project Ownership:** End-to-end delivery of web applications.
- **Clean, Maintainable Code:** Emphasis on modular design and best practices.
- **Self-motivated & Global-ready:** Driven, adaptable, learning-oriented.
- **Collaborative Contributor:** Proven ability in team-based coding, documentation, and agile processes.
